

FOR IMMEDIATE RELEASE
April 11, 2011
Paul St. Laurent
Western Block Party Candidate
Edmonton – Sherwood Park

Mr. St. Laurent is self employed in the home renovations industry specializing in custom kitchen renovations. He was born in Edmonton and spent his infancy and early childhood in Uranium City, SK. His family moved back to Edmonton when Paul was in second grade. He along with his wife and son have lived in Sherwood Park for the past 10 years.

Paul is a former member of the Conservative Party of Canada. He is now a member of the Western Block Party and is the confirmed WBP candidate for Edmonton – Sherwood Park.

Mr. St. Laurent is a strong supporter of individual rights and freedoms. He supports our traditional right to self defense; to protect ourselves, our loved ones, our neighbors and our property. Paul will champion the rights of victims, not criminals.

Paul is opposed to the criminalization of any law abiding Canadian citizen through unnecessary and wasteful legislation, such as the gun registry and human rights tribunals, to name just two. He also opposes globalization with all it's negative ramifications, including but not limited to, loss of jobs and sovereignty, unnecessary wars, the erosion of personal wealth through inflation and the continuous decline of our standard of living.

Mr. St. Laurent feels that in addition to the stacked deck that is confederation, our nation has now been corrupted beyond redemption. It is an emotional and somewhat painful realization that our only hope for the future lies in freeing ourselves from the yoke of central domination.

Paul believes the Conservatives, Liberals, NDP and even Green Party are all of the same opinion on issues that really matter to our future. Immigration, increasing debt, bloated social programs, special rights for the few, to name just four. Issues that all concerned citizens should be able to discuss freely, in an open and frank manner, without fear of reprisals and condemnation.
